**SERIES 1000 GENERAL**

**POLICY TITLE: Purpose of Board Policies**

**POLICY NUMBER: 1000**

- 1000.1 It is the intent of the Board of Directors (Board) of the Heber Public Utility District (HPUD) to maintain a Manual of Policies. Contained therein shall be a comprehensive listing of the Board's current policies, being the rules and regulations enacted by the Board from time to time. The Manual of Policies will serve as a resource for Directors, staff, employees and members of the public in determining the manner in which matters of District business are to be conducted.
- 1000.2 If any policy or portion of a policy contained within the Manual of Policies is in conflict with rules, regulations or legislation having authority over HPUD, said rules, regulations or legislation shall prevail.

**POLICY TITLE: Adoption/Amendment of Policies**

**POLICY NUMBER: 1010**

- 1010.1 Consideration by the Board of Directors to adopt a new policy or to amend an existing policy may be initiated by any Director, or by the General Manager. The proposed adoption or amendment is initiated by submitting a written draft of the proposed adoption or amendment to each Director and the General Manager through the District office, and requesting that the item be included for consideration on the agenda of the appropriate regular meeting of the Board of Directors.
- 1010.2 Adoption of a new policy or amendment of an existing policy shall be accomplished at a regular meeting of the Board of Directors and shall require a majority vote.
- 1010.3 Before considering adopting or amending any policy, Directors shall have the opportunity to review the proposed adoption or amendment at the regular Board meeting prior to the meeting at which consideration for adoption or amendment is to be given. Copies of the proposed policy adoption or amendment shall be included in the agenda information packet for any meeting of consideration. The agenda information packets with said copies shall be made available to each Director for review at least three (3) days prior to any meeting at which the policy(ies) are to be considered.
- The requirement to review of a proposed new or amended policy prior to the meeting at which adoption is to be considered may be waived by a majority affirmative vote of the entire Board, with the agenda specifying consideration of such action.

**POLICY TITLE: Conflict of Interest**

**POLICY NUMBER: 1020**

- 1020.1 The Political Reform Act, Government Code §81000, et seq., requires state and local government agencies to adopt and promulgate conflict-of-interest codes. The Fair Political Practices Commission has adopted a regulation, 2 Cal. Code of Regs. §18730, which contains the terms of a standard conflict of interest code. It can be incorporated by reference and may be amended by the Fair Political Practices Commission after public notice and hearings to conform to amendments in the Political Reform Act. Therefore, the terms of 2 Cal. Code of Regs. §18730 and any amendments to it duly adopted by the Fair Political Practices Commission are hereby incorporated by reference and, along with the attached **Appendix A** in which members of the Board of Directors and employees are designated, and in which disclosure categories are set forth, constitute the conflict of interest code of the Heber Public Utility District (HPUD).
- 1020.1.1 If any conflict arises between this Policy and 2 Cal. Code of Regs. §18730 then the HPUD Policies shall prevail; except where mandated by 2 Cal. Code of Regs. §18730.
- 1020.2 Designated employees shall file statements of economic interests with the Clerk of the HPUD Board and the Clerk of the Board of the County of Imperial.

**POLICY TITLE: Public Complaints**  
**POLICY NUMBER: 1030**

- 1030.1 The Board of Directors desires that public complaints be resolved at the lowest possible administrative level, and that the method for resolution of complaints be logical and systematic.
- 1030.2 A public complaint is an allegation by a member of the public of a violation or misinterpretation of a District policy, state, or federal statute of which the individual has been adversely affected.
- 1030.3 The method of resolving complaints shall be as follows:
- 1030.3.1 The individual with a complaint shall first discuss the matter with the Office Manager [or other responsible employee] with the objective of resolving the matter informally.
- 1030.3.2 If the individual registering the complaint is not satisfied with the disposition of the complaint by the Office Manager, the complaint may be filed with the General Manager. Within a reasonable time, the General Manager shall meet with the person filing the complaint to resolve the matter. At the option of the General Manager, he/she may conduct conferences and take testimony or written documentation in the resolution of the complaint. The individual filing the complaint may request a written decision from the General Manager. The General Manager may appoint any management employee to resolve any complaint(s).
- 1030.3.3 If the individual filing the complaint is not satisfied with the disposition of the matter by the General Manager, a written complaint may be filed with the Board of Directors within ten (10) days of receiving the General Manager's decision. The Board may consider the matter at the next regular meeting, or call a special meeting. The Board will expeditiously resolve the matter. In making the final decision, the Board may conduct conferences, hear testimony, as well as utilize the transcripts of written documentation. The individual filing the complaint may request a written decision from the Board.
- 1030.4 This policy is not intended to prohibit or deter a member of the community or staff member from appearing before the Board to verbally present testimony, a complaint, or statement in regard to actions of the Board, District programs and services, or impending considerations of the Board.

**POLICY TITLE: Claims Procedure**  
**POLICY NUMBER: 1040**

The purpose of this policy is to provide direction to District staff for processing and resolving (if possible) account adjustment requests and property damage claims against the District. Inherent in this policy is the recognition that every adjustment request or claim will be unique, and that guidelines cannot be written to accommodate every case. Therefore, staff must use discretion and good sense in handling each claim.

1040.1 Property (Land and Improvements) Damage Claims

In the course of the District's operations damage to land and improvements thereon occasionally occurs due to the proximity of the District's facilities to the private property.

When a property owner informs a District employee of damage to their property; (by telephone or in person), the employee receiving the claim will document in writing the time and date, and a description of the stated circumstances and allegations. District has an incident report form that must be completed by the employee. Employees should respond to questions, be cordial and respectful, but refrain from commenting on liability questions.

The property owner must file a claim with HPUD. The claim form is available at HPUD office. Once a claim has been filed, and as soon as possible after information about the damage has

been received, it shall be given to the General Manager. The General Manager, or his/her designee, shall investigate the property owner's allegations

If the owner of damaged property informs a member of the Board of Directors, the information will be given to the General Manager. Directors should not independently investigate claims, but may go with staff to observe.

Investigations shall be done in a timely fashion and documented with a written report, including photographs and/or interviews, when appropriate. A copy of the report shall be submitted to the General Manager.

If the General Manager (or his/her designee) is convinced that the damage was caused by District personnel, equipment, or infrastructure, he/she shall prepare a work order to have the damage repaired, subject to the following conditions:

- (a) Property owner agrees that the proposed repairs are appropriate and adequate;
- (b) Property owner agrees to allow District personnel access to their property to perform the repair work;
- (c) District personnel have the necessary tools, equipment, and expertise to perform the necessary work;
- (d) Repair work can be accomplished within a reasonable amount of time; and,
- (e) Cost of material for the repairs will not exceed the District's insurance deductible.
- (f) A written document will be prepared outlining all damages and agreed upon repairs and signed by the property owner and the General Manager.

A report shall be submitted to the Board of Directors describing the damage claim, including a description of the manner in which it was resolved as soon as possible after resolution of the claim.

If the cost of material for repairs is stated by claimant or estimated to exceed the District's insurance deductible, the claim will be submitted to the Board of Directors. The Board of Directors shall review the claim and receive input from staff in closed session. After reviewing the damage claim, the Board may authorize the work if the cost of material for the repairs will not exceed the dollar amount of insurance deduction set by the District's insurance company. The claimant shall be notified of any action by the Board regarding their claim.

The Board will not consider a claim of an amount in excess of the insurance deductible, including the cost of investigation, without prior written approval of the District's insurance company.

Claims in excess of the District's insurance deductible shall be forwarded to the insurance company, and the claimant shall be advised of this action.

Claims for personal injury/wrongful death shall not be investigated by District staff or directors but shall be immediately forwarded to the District's insurance company.

#### 1040.2 Property (Vehicles and Unsecured Property) Damage Claims

All claims of damage to vehicles or other unsecured property shall be submitted to the General Manager. He/she shall review the damage claim and the requested restitution. If he/she determines that the damage is the District's responsibility, he/she may authorize repairs or reimbursement of expenses to an amount not to exceed the District's insurance deductible. A report shall be submitted to the Board of Directors describing the damage claim, including a description of the manner in which it was resolved.

The claim will be processed as described above if the cost of material for repairs is estimated to exceed the District's insurance deductible.

#### 1040.3 Property Damage Claims on HPUD Form

All damage claims must be submitted in writing on a District claim form. This will ensure that a claim is valid and protect important rights of the District.

If an individual does not wish to file a claim on the District form, he/she may present the claim by letter if it conforms to Section 910 and Section 910.2, California Government Code. Section 910 specifies that a claim needs to show all of the following:

- (a) The name and mailing address of the claimant.
- (b) The post office address to which the person presenting the claim desires notices to be sent.
- (c) The date, place, and other circumstances of the occurrence or transaction which gave rise to the claim asserted.
- (d) A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known as the time of presentation of the claim.
- (e) The name or names of the public employee or employees causing the injury, damage, or loss, if known.
- (f) The amount claimed if it totals less than ten thousand dollars (\$10,000) as of the date of presentation of the claim, including the estimated amount of any prospective injury, damage, or loss, insofar as it may be known at the time of the presentation of the claim, together with the basis of computation of the amount claimed. If the amount claimed exceeds ten thousand dollars (\$10,000), no dollar amount shall be included in the claim. However, it shall indicate whether the claim would be a limited civil case.

Section 910.2 of the California Government Code specifies the following:

The claim shall be signed by the claimant or by some person on his behalf. Claims against local public entities for supplies, materials, equipment or services need not be signed by the claimant or on his behalf if presented on a billhead or invoice regularly used in the conduct of the business of the claimant.

If the filed letter/claim does not meet the requirements of the California Government Code §910 and §910.2, then a letter shall be sent to the claimant informing them of this fact.

District staff shall provide no assistance to the claimant in filling out the claim form. Claimant must fill out the claim form in its entirety and submit it via mail, FAX, or personal delivery to the District office. Upon receipt, office staff shall date-stamp the document.

**POLICY TITLE: Copying Public Documents**  
**POLICY NUMBER: 1050**

Records may be inspected at the District during its regular office hours.

The California Public Records Act contains no provision for a charge to be imposed in connection with the mere inspection of records. Copies of records may be obtained for the direct cost of duplication, unless the Legislature has established a statutory fee.

The direct cost of duplication includes the pro rata expense of the duplicating equipment utilized in making a copy of a record and, conceivably, the pro rata expense in terms of staff time (salary/benefits) required to produce the copy.

A staff person's time in researching, retrieving and mailing the record is not included in the direct cost of duplication. By contrast, when an agency must compile records or extract information from an electronic record or undertake programming to satisfy a request, the requestor must bear the full cost, not merely the direct cost of duplication.

The right to inspect and copy records does not extend to records that are exempt from disclosure.

1050.1 Individuals requesting copies of public documents shall be charged per sheet copied to defray expenses associated with the copying process. The cost shall be determined by the General Manager based on the pro rata expense of the duplicating equipment utilized in making a copy of a record and the pro rata expense in terms of staff time required to produce the copy. The charges will be determined according to the California Public Records Act

1050.2 Copies of agendas and other writings (except for privileged documents) distributed to a majority of the Board of Directors at open Board meetings shall be made available to the public. A limited quantity of such documents (based on normal audience attendance) shall be copied in advance of each meeting and made available to the public in attendance at no charge. Individuals requesting copies of such documents prior to the Board meeting will be charged at the current rate established according to policy 1050.1 above. The copy charge will be levied at Board meetings for copies of documents if more are needed and/or requested in addition to those normally prepared for the public at Board meetings.

**POLICY TITLE: Family and Medical Leave**

**POLICY NUMBER: 2045**

- 2045.1 The purpose of this policy is to clarify how HPUD will implement the Family and Medical Leave Act of 1993 (FMLA). Employees represented by a recognized bargaining unit shall be covered by the provisions of current agreement, notwithstanding the contents of this policy, unless said provisions are in conflict with the FMLA. The Heber Public Utility District will follow all regulations related to the Family Medical Leave Act.
- 2045.2 Eligibility. To be eligible for leave under the FMLA, an employee must have: (1) been employed by HPUD for at least 12 months, which need not be consecutive; (2) worked for HPUD at least 1,250 hours during the 12 months immediately preceding the commencement of leave.
- 2045.3 Leave Benefit.
- 2045.3.1 Eligible employees will be provided with up to 12 weeks of unpaid leave each year to care for a newborn, adopted, or foster child or for a seriously ill child, parent, or spouse. In addition, employees who are unable to perform the functions of their position because of a serious health condition will also be entitled to 12 weeks of unpaid leave. "Serious health condition" is defined as an illness, injury, impairment, or physical or mental condition that entails (1) Inpatient care in a hospital, hospice, or residential medical care facility; or, (2) Continuing treatment by a health care provider.
- 2045.3.2 To be eligible for leave under the FMLA, the employee will first be required to use applicable accrued paid leaves permitted by the District, including vacation leave and sick leave for the first part of the 12-week statutory leave. Paid leave may not be added to the end of the 12 weeks of unpaid leave without the General Manager's prior approval. If a husband and wife are both employed by HPUD, the total number of workweeks of leave to which both may be entitled shall be limited to 12 weeks if leave is taken for the birth, adoption, or foster placement of a child or for the purpose of caring for a seriously ill parent.
- 2045.3.3 Employees on approved FMLA leave who were previously covered by HPUD's health benefit shall continue to be covered at the level and under the conditions that coverage would have been provided if the employee were continuing to work.
- 2045.3.4 At the end of the leave the employee will be reinstated to their previous position or to an equivalent job with equivalent pay, benefits, and working conditions. However, the employee will not accrue seniority or employment benefits during the leave period. HPUD may also require the employee to obtain medical certification that they are able to resume work.
- 2045.4 Employee Obligations
- 2045.4.1 If an employee requests leave for the birth, adoption, or the foster placement of a child, and the need for leave is foreseeable, the employee must provide his or her division manager with at least 30 days' notice. However, if the date of the birth, adoption, or foster placement requires that leave begin in less than 30 days, the employee must provide the division manager with as much notice as practicable. If the employee requests leave because of a serious health condition, the employee must provide the division manager with 30- days notice, or with as much notice as practicable.
- 2045.4.2 Employees seeking leave on account of a serious health condition must provide the division manager with medical certification regarding their condition. The General Manager may require employees to obtain, at HPUD's expense, a second opinion. If the second opinion differs from the first, the General Manager may require a third opinion from a mutually agreed on health care provider.
- 2045.4.3 For most leaves, employees will not be permitted to take their leave intermittently or on a reduced-leave schedule without the General Manager's approval. However, intermittent leave or a reduced-leave schedule may, if medically necessary, be taken by the employee because of a serious health condition. An employee who seeks intermittent leave or leave on reduced-leave

schedule because of planned medical treatment may be required to transfer temporarily to a different position, with equivalent working conditions, that accommodates recurring periods of leave better than the employee's regular job.

**POLICY TITLE: Cell Phone Use Policy**

**POLICY NUMBER: 2300**

2304.2 Personal business shall be kept to a minimum and shall comply with Internal Revenue Code regulations pertaining to "de minimis personal use."

2304.3 If an employee exceeds the allotted minutes on a District issued cell phone, the bill will be reviewed to determine if any minutes were used for personal or nonbusiness related phone calls, if so the employee may be required to reimburse the District.

**SERIES 2500-2600 ADMINISTRATION**

**POLICY TITLE: ADMINISTRATION**

**POLICY NUMBER: 2500**

2501. The purpose of this document is to identify various policies and procedures for providing adequate internal controls over the receipt of funds and to formalize procedures for cash receipt and billing activities.

**2503. CASH REGISTERS AND RECEIPTS**

2503.1 All collections are made using cash register. All checks are endorsed at the time of collection using the register/receipt printer or a “For Deposit Only” stamp.

2503.2 The receipt printer produces a receipt which is given to the customer and keeps the information in the system as the “day batch”.

2503.3 The cash register is linked to the customer’s account (UB System) and to the General Ledger and posts all transactions directly to the appropriate accounts the day after the Senior Clerk has reviewed the entries and cross counted the checks and the cash. The register generates sequential receipt numbers to each transaction. As they are entered the cashier should enter her/his initials with each cash transaction. The Finance Department is responsible for assigning user IDs.

2503.4 Commonly used revenue accounts are pre-assigned to collection codes in the Cash Collection module and could be modified by the Finance Department.

2503.5 The register maintains a change drawer funded with \$100. The register’s change fund should be kept in the Safety Box.

2503.6 The closing process involves generating a “Transaction Report” that details the total of cash and checks collected. “Cash Reconciliation Reports” of checks and cash received are prepared from the register and are reconciled to the transaction report. Any difference between the two amounts is noted on the Cash Reconciliation Report. Two persons must be in the process of the cash register review and close.

2503.7 Once balanced, the register is closed and a journal register is generated noting the closure and the amount of cash received for the day. The cash, checks, report, closing receipt, worksheets, and any other accompanying documentation are taken to the Safety Box, where these items are stored in this secure area overnight.

2503.8 Cash register receipts from the register are reviewed for accuracy by the Senior Clerk and the Bookkeeper the following day (or next day if necessary); and also to ensure that any checks received are made out to HPUD, the Senior Clerk will prepare the necessary bank deposit slips. The cash and deposit will be placed in a sealed bag. Once these actions are completed, an assistant or the On Call employee will collect the deposit slips and will take the sealed bag to the

bank. The checks will be scanned and processed for deposit, once scanned the original checks will be kept in a safe separate place from the un-scanned to avoid duplication and will be kept for a minimum of 60 days. Bank personnel will be periodically verifying the safe-guard and the separation compliance.

2503.9 Reconciliation to the general ledger and other supporting accounting ledgers shall be performed in a timely manner for receivable balances and subsidiary ledgers.

2503.10 Upon any suspicion of fraud, management should be notified. Management shall then notify the appropriate personnel (e.g., General Manager, Finance Manager, law enforcement) in a timely manner for further investigation.

2503.10.1 If there is any suspicion regarding non-compliance with internal control directives, management will notify the appropriate personnel (e.g., General Manager, Finance Manager) for further review.

#### **2504. BILLING FOR SERVICES (RECEIVABLES)**

2504.1 When necessary, HPUD shall invoice individuals and companies for services rendered by HPUD or for damage to HPUD property. In cases where a permit fee or deposit is required, the payment shall be made prior to the issuance of said permit or performance of other services. The requirement to invoice is outlined in the Utility Service Policy, Resolutions and or Ordinances.

2504.2 If an individual or company owes HPUD for services rendered, an invoice shall be generated based upon information provided by the General Manager or his/her designee requesting the billing for services.

2504.3 A generic invoice form with HPUD's logo shall be sequentially numbered and shall contain the name, address, amount due to HPUD, and a description of the goods or services being billed.

2504.4 If payment on an invoice is not received after 45 days, a delinquent notice shall be mailed requesting immediate payment. The notice shall be generated in the Finance Department by the Finance Manager. Those invoices that remain unpaid after 60 days may be referred to collections.

2504.5 When payment is received, a copy of the receipt shall be attached to the invoice. The receipt and applicable backup is then filed in the revenue file for the applicable General Ledger (G/L) account by account number.

2504.6 Examples of items billed for by HPUD include, but are not limited to Developer Fees, Administration Fees, Parks and Retention Basin Maintenance Fees, IID pay-station, Water Usage for Construction, cost recovery charges, Public Damage Reimbursements, etc.

#### **2505. DEVELOPER DEPOSITS**

2505.1 The Senior Clerk/Bookkeeper works with the General Manager, Finance Manager, Office Manager, Chief Operator and Engineer in collecting and monitoring deposit accounts for various development and Capital Improvement Projects (CIP).

2505.2 For both types of deposits, checks may be received through the mail or over the counter. In either case, the check is run through the register and copy of the receipt is to be filed in the by deposit account/public work project (stapled to a copy of the billing notice sent, if applicable).

2505.3 Developer deposits are recorded to the corresponding fund, in account number XXX-2050, where XXX is the Fund Control Number (FCN). The FCN is generally assigned by the Finance Manager. Each individual deposit needs to be identified by Developer and Project number assigned by the District's Engineer. The Finance Manager periodically meets with the General Manager and the District's Engineer to go over the status of the deposit accounts. These meetings determine if the

balance of each account appears adequate or if the General Manager should request additional monies from the developer.

- 2505.4 When additional deposit is requested, the General Manager prepares a letter which requests the specified amount and encloses an account printout that shows the activity in the deposit account. The Finance Department sends out periodic activity reports to all deposit account owners, regardless of the balance. In addition the Finance Manager maintains a listing of all active deposits in an Excel File called Project numbers.xls, which could be viewed by all staff as needed.
- 2505.5 It should be noted that the meeting group mentioned in Section III DEVELOPER DEPOSITS 'c' may ask the other agencies or departments to stop work on a project or to advise that a Certificate of Occupancy (CO) not be issued if the request for additional funds is not paid in full and if the account remains in the negative. If necessary, the Finance Department may refer the account to a collection agency.
- 2505.6 Developers have the option to review supporting documentation for charges made against their deposit account (such as invoices and or time cards). Typical charges against a developer or Construction In Progress (CIP) deposit account could include: staff time, Attorney time, consultants (traffic, planning, landscape, etc.), postage, and legal notices. Invoices include a 15% administrative fee charged by HPUD for managing the accounts and providing administrative support services to the developers and contractors working on the project. The overhead rate of 15% was adopted by the Board and may be modified upon request of the General Manager.
- 2505.7 When a project is closed out and no activity has posted for three months or more, the Finance Manager will request that the Bookkeeper issue a refund to the developer for the balance due in the account.
- 2505.8 The Finance Manager prepares a worksheet to charge time spent by staff to the various Projects in Progress (based upon actual project timecards submitted by staff), the staff time charge shall include the base rate and benefits cost.
- 2505.9 CIP deposit accounts are based on HPUD requirements that require developers to pay a certain percentage of the CIP cost incurred by HPUD. Billing occurs in phases, as the project continues (study, design, right-of-way, construction, etc.) through to project close out.

## **2506 UNCOLLECTIBLE ACCOUNTS RECEIVABLE**

2506. It is the intent of the Heber Public Utility District to reflect the accurate value of its accounts receivable, and to provide guidelines for write off of uncollectible accounts receivable. Outstanding accounts receivable should be reviewed on a quarterly basis. Efforts should be made to pursue the timely collection of all accounts receivable. Sound financial management principles include the establishment of an allowance for doubtful accounts.
- 2506.1 On occasion, certain accounts receivable due and owing HPUD become uncollectible after all reasonable effort is expended to affect collection. There are also situations where accounts are of such a size that more money would be expended to collect than the debt itself. The Finance Manager is in a position to thoroughly evaluate the feasibility of collecting past due accounts and to make a decision as to further effort.
- 2506.2 Government Finance Officers Association "Best Practices" provides that management of accounts receivable should include periodic write-offs to ensure that accounts receivable balances are not overstated. The write-off process is a critical component in valuing receivables. In accordance with generally accepted accounting principles, the District has established an **allowance of 5%** for

doubtful accounts to reflect those outstanding accounts receivable which are not expected to be collected.

- 2506.3 The timely identification of losses is an essential element in accurately measuring the value of the District's assets. It is the responsibility of the Finance Department to provide the General Manager with a report on an annual basis identifying all outstanding accounts receivable with a value of \$500 or more per transaction determined to be uncollectible, including the basis for this determination and the collection actions taken. A report identifying all outstanding accounts receivable with a value over \$10,000 determined to be uncollectible will be provided to the District Board on an annual basis.
- 2506.4 Efforts should be made to pursue the timely collection of delinquent accounts. When such accounts are deemed uncollectible, they should be written-off from the financial statements.
- 2506.5 The District General Manager is delegated authority to write-off uncollectible accounts receivable with a value not exceeding \$10,000. The write-off of uncollectible accounts receivable with a value exceeding \$10,000 must be approved by the District Board.

Transaction Amount	Write-Off Authority	Report To
Less than \$500	Finance Manager	General Manager
\$500 to \$10,000	General Manager	Finance Committee
Greater than \$10,000	Finance Committee	Board of Directors

- 2506.5.1 The Finance Manager may write off uncollectible accounts receivable which do not exceed \$500 after review and concurrence by HPUD General Manager and Attorney as to the collectability of such accounts.
- 2506.5.2 Upon any suspicion of fraud, the General Manager will be notified. The General Manager will then notify the appropriate personnel (e.g., Board of Directors, internal audit, law enforcement) in a timely manner for further investigation.
- 2506.5.3 If there is any suspicion regarding non-compliance with internal control directives, management will notify the appropriate personnel (e.g., internal audit) for further review.

**POLICY TITLE: Investment of District Funds MODIFIED 9/15/22 ATTACHED TO THIS POLICY**  
**POLICY NUMBER: 3035**

3035.1 PREMISE

The Legislature of the State of California has declared that the deposit and investment of public funds by local officials and local agencies is an issue of statewide concern (California Government Code (CGC) §53600.6 and §53630.1); and,

Government Code Sections 5921 and 53601, et seq., allow the legislative body of a local agency to invest surplus monies not required for the immediate necessities of the local agency; and,

The General Manager or the Finance Manager of the local agency is required to annually prepare and submit a statement of investment policy and such policy, and any changes thereto, is to be considered by the local agency's legislative body at a public meeting (CGC §53646(a)).

For these reasons, and to ensure prudent and responsible management of the public's funds, it is the policy of the HPUD to invest funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all statutes governing the investment of HPUD funds.

3035.2 HPUD INVESTMENT GUIDELINES

3035.2.1 The reserve fund policy state that designated reserves will be maintained to allow for funding of the District's operating, capital and debt service obligations, as well as funding for unforeseen events. Reserves will be established, replenished, and used only in a manner which allows the District to fund costs consistent with the Capital Improvement Plan, Five-Year Financial Plan and Rate Study, and other Board adopted actions, and in a manner that requires minimal annual adjustment to water and wastewater rates. This Investment Guidelines apply to all financial assets of HPUD and are included here by reference.

3035.2.2 The HPUD Investment Guidelines shall be reviewed on an annual basis, and the Board of Directors must approve any modifications.

3035.2.3 Adequate designations of reserves--funds set aside for various legitimate purposes--are critical to the successful and stable, short and long-term operation of the Heber Public Utility District.

3035.2.4 Adequate reserves for District operations ensure that customers experience both stable rates for service and the security that the District can respond to emergencies, especially regarding water and wastewater quality issues. Adequate reserves ensure that the District will at all times have sufficient funding available to meet its operating, capital and debt service cost obligations, together with future debt or capital obligations, as well as any unfunded mandates, including costly regulatory requirements.

3035.2.5 The District manages its working capital in a manner that allows the District to fund costs consistent with its annually updated five year capital improvement program and five year rate study financial plan, and that avoids significant rate fluctuations due to changes in cash flow

requirements. The ability of the Heber Public Utility District to maintain reserve funds is a critical factor in providing reliable service, mitigating rate increases, and ensuring overall financial strength.

- 3035.2.6 Adequate reserves directly affect the District's bond rating and ultimately the ability to access debt markets at favorable interest rates, thereby ensuring the ability to finance and construct the infrastructure necessary to renew existing systems and expand service levels to meet future needs.
- 3035.2.7 Annually during the budget adoption process, the Heber Public Utility District Board approves the appropriate levels and uses for reserve funds based upon the needs of the District.
- 3035.3. Legally Restricted Reserves
  - 3035.3 Capital Reserve Fund
    - 3035.3.1 The purpose of this fund is to hold funds that are intended for general use on Capital projects. The funds come from contributions from other agencies or from funds that were budgeted on capital projects in prior years but unspent. This fund is spent directly on capital expenditures over the current or future year's normal capital budget and is not held in reserve for some other purpose.
    - 3035.3.2 Included in this fund is also the connection/capacity fees with funds collected from developers to pay for the new facilities necessary to deliver water and wastewater service to newly developed property. These fees are for offsite improvements such as the development's fair share cost of , transmission mains, treatment plant capacity, wastewater facilities and other necessary facilities. The fees are collected at rates established by the Board of Directors based upon specific financial rate studies. The rates charged are based on a project's equivalent dwelling unit (EDU) basis. These funds are restricted to the design and construction of capital facilities for water and wastewater delivery.
    - 3035.3.3 This Capital Reserve Fund is drawn down annually as planned capital expenditures amounts are made. At the end of each fiscal year any unspent budgeted capital amount will be reallocated to this fund and will be used in the following year's capital budget. Annual replenishment is reported to the Board of Directors as part of preliminary and final budget approvals.
  - 3035.4 Debt Service Reserve Fund
    - 3035.4.4 This fund is governed by legal bond covenants for the District's revenue bonds. Bond covenants require that this fund be maintained at a level sufficient to fund maximum annual debt service payments. These funds are held either by the District or by the bond trustee during the term of the bonds, COPs, or loans and are to be used in the event that the District is unable to meet its required semi-annual debt service obligation. Reserve funds for each loan/revenue bond issue will be used to make the last two semi-annual debt service payments for that issue. Annual interest earnings on bond reserve funds shall be applied to each year's debt service payments. Any reserve funds related to state revolving fund loans shall be treated identically to revenue bond reserve funds as these loans are contractually defined as parity debt to the District's senior lien bonds.
- 3035.5 Board Restricted Funds
  - 3035.5.1 Rate Stabilization Fund
    - 3035.5.2 This fund is governed by legal bond covenants for the District's revenue bonds. The purpose of the fund is to assist in smoothing rates to pay HPUD debt service and to assure that minimum debt service coverage ratios required by the District's bond covenants would be met in the future. Funds deposited into this reserve are treated as operating revenues in the

year of deposit and will be treated as such in years of use for the purposes of computing the District's debt service coverage ratio.

3035.5.3 This fund is applied in the five-year financial plan and annual rate model along with other reserve funds to smooth future rate increases. This fund will provide a buffer should revenue estimates in any year not meet projections. The Rate Stabilization Fund will be drawn down to smooth rate increases. Specifically, they will be applied in any year where other revenues are not sufficient to meet the required debt service coverage ratio. They will also be applied if meeting only minimum coverage levels could result in the District's bond ratings being downgraded.

3035.6 O&M Operating Reserve Fund

3035.6.1 The O&M Operating Reserve will vary over time with a goal of maintaining six months average operating expenses excluding depreciation. This reserve is considered a working cash requirement. It bridges the gap between the time expenses are paid and the time revenues from the same service are collected from customers.

3035.7 Capital Replacement Reserve Fund.

3035.7.1 This fund pays for the replacement of existing facilities and equipment as it reaches the end of its useful life or for major repairs that extend the useful life of facilities. The purpose of this policy is to "fund depreciation" at 100% in future.

3035.8 Unrestricted Reserves

3035.8.1 Unrestricted reserves also termed "General Reserves" represent a remainder balance of cash that is not yet designated for some use by the Board of Directors.

6. If a Customer owns master-metered residential property which, within the last two years, had an application for lien and/or a lien for public utilities filed against that property while owned by the Customer.

## **IX. DEPOSITS**

### **Amount of Deposit**

Where the Applicant or Customer is required to make a deposit, pursuant to this Policy, either for guaranteeing payment of charges for service or for reestablishment of credit, the amount thereof shall generally not exceed a sum equal to the average bill for service as estimated for two billing periods. The deposit shall not be less than a minimum amount to be determined from time to time by the General Manager.

### **Disposition of Deposit**

When a Customer has furnished a deposit to guarantee payment of HPUD bills, and service has been terminated, such deposit will be refunded to the Customer after deduction of any unpaid charges or indebtedness due to the HPUD.

## **X. NOTICES**

### **Notices from the HPUD to a Customer**

When notices from the HPUD to a Customer are required, they will normally be given in writing, either mailed to the address specified by the Customer for the receipt of notices, or delivered to the service address, except that in emergencies the HPUD may give oral notices. Required written notices will either be mailed to the address specified by the

Customer for receipt of notices or delivered or mailed to the service address, or in the case of master-metered residential accounts, mailed to the property owner as identified on the latest equalized tax roll at the address listed for mailing of the tax bill.

### **Notices from Customer to the HPUD**

Notices from a Customer to the HPUD may be given in writing mailed to our business office or may be given orally by the Customer or agent of the Customer at our business office or by phone except when written notice is specifically required by law or by this Policy or by Ordinance. Notices written on the bill will not be effective.

## **XI. METER READING AND BILLING**

Utility users will be billed once a month by the last day of each month for the preceding month's usage. Bills for water service will be based upon delivery as indicated by the HPUD's meter. Insofar as is practicable, meters will be read at regular intervals for the preparation of regular monthly bills, and meters will be read as required for the preparation of opening, closing, and special bills.

Except as otherwise specifically provided for in schedules of the rate Ordinance or unless an Agreement is in effect, if for any reason service is unmetered or the meter is in a locked compartment or otherwise cannot be read or fails to register correctly, water consumption may be estimated by the HPUD based on the following:

- 1) Previous consumption by metered service to the premises; or
- 2) The average consumption for the corresponding billing periods during which the meter is known to have registered correctly; or
- 3) The consumption as registered by a substitute meter; or
- 4) By giving consideration to the nature of use, volume of business, seasonal demand and any other factors that may assist in determining such consumption.

### **Proration of Bills**

Rate schedule stated on a monthly basis are related to a 30-day consumption interval as a standard month. Whenever actual meter read intervals differ from a standard 30- day period, bills related thereto, computed from monthly schedules are subject to proration on a 30-day basis.

However, at the discretion of the HPUD, in computing and rendering regular bills, minor variances between actual read intervals and any established regular read interval need not be considered whenever actual read intervals do not vary by more than three days (greater or lesser) from the established regular read interval.

Whenever a change of the charges under a rate schedule becomes effective, bills shall be prorated with respect to the effective date of the change.

### **Payment of Bills**

All bills are due and payable upon issuance, and payment shall be made at the offices of the Heber Public Utility District in person, by electronic transfer of funds, by mail, or by check or money order placed in the drop box at the Heber Public Utility District. Bills are delinquent 19 days after the date of issuance or as prescribed by law, this policy or Ordinance.

Customers, owners, and/or operators of residential property served through a master meter, who are unwilling or unable to pay for such service, subject the property to assessment and/or lien for the cost of such unpaid service as provided for by law, this Policy or ordinance, and thereafter, these costs shall be paid in the same manner as payment is made for other essential public service furnished to and benefiting real property.

Bills for connection or reconnection of service and payments for deposits or to reinstate deposits as required by the HPUD shall be paid before service will be connected or reconnected.

If a deposit is required and such deposit is not made, the HPUD may refuse or immediately discontinue water service to the applicant or customer.

### **Notice of Bill Dispute Hearing Procedure**

Notice of the bill dispute resolution hearing procedure provided for in this Policy shall be provided to the Customer.

### **Remittance Reversal Charge**

Whenever a check is received by the HPUD in payment of billing for water, sewer or solid waste services, security deposits, or other charges, and when negotiated, said check is not paid by the issuing bank, the HPUD will assess an additional charge consisting of an amount to be determined from time to time by the General Manager.

### **Late Payment Charge**

Whenever payment of a regular bill for water, sewer, or solid waste is received after 4:30 p.m. of the date specified on the original bill, a late payment charge, in an amount of \$15 may be assessed.

### **Attorney's Fees and Court Costs**

In the event recourse to litigation is required against a Customer arising from nonpayment of charges for either utility service in addition to sums due and payable for utility services, the Customer shall be liable to pay reasonable attorneys' fees, as well as all court costs incurred by the HPUD in the litigation, whether it proceeds to judgment or not. The court shall, upon application by the HPUD legal counsel assess reasonable attorneys' fees in an amount sufficient for the HPUD to recover its costs incurred in pursuing the litigation.

In the event that an assessment and/or lien filing is required against property arising from nonpayment of charges for either master metered residential water service, in addition to sums due and payable, the property owner shall be liable to pay reasonable costs incurred by the HPUD for this action.

## XII. BILL DISPUTE HEARING PRACTICES

Whenever the correctness of any bill, or part thereof, for water service or in cases where the correctness of other charges or practices of the HPUD is disputed by the Customer, the HPUD shall, upon request, conduct an investigation. This investigation shall determine if an adjustment is warranted.

The HPUD's bill is due and payable upon issuance and is delinquent if it remains unpaid 19 days after issuance. In order for a Customer to preserve the right to a dispute determination before termination of service, the request for a dispute determination must be filed in writing with the HPUD office within the 19-day period, and all undisputed amounts must be paid at the same time. The request for dispute determination will be resolved by the HPUD within 30 days for multifamily master-metered residential services and within 60 days for all other services by referral to the General Manager or Finance Manager empowered to resolve the dispute.

If after determination by the appropriate authority that all or a portion of the disputed amounts are due and the Customer disputes the findings, then the Customer may, within 10 days, and upon further written request, accompanied with payment of the entire outstanding bill, be granted a hearing before the General Manager.

Any payment that is not made as prescribed by this policy will terminate the Customer's right to a dispute resolution and will subject the service to termination or other methods of securing the payment in accordance with law or this policy or Ordinance.

Customer will be informed of the investigation, disputed bill procedure, and other HPUD practices required by this policy by a statement of the bill or by other appropriate prescribed methods.

## XIII. DISCONTINUANCE OF UTILITY SERVICES

### **Discontinuance of Water, Sewer, and Trash Service at Customer Request**

Each Customer who intends to discontinue responsibility for payment for water, sewer and/or solid waste services shall notify the HPUD specifying the date discontinuance is desired. Normally service may be discontinued on any regular working day if the HPUD receives advance notice of not less than one working day from the Customer. The Customer will be held responsible for payment for service furnished until one working day after the HPUD receives the Customer's notice or until the day specified in such notice, whichever is later.

Customer accounts are not closed automatically unless the new Customer for that service address submits an application for service. To close an account, the Customer must contact HPUD either in person at HPUD main office, by mail, or Internet, requesting that we close the service account. Customer must update their mailing address. HPUD requires two (2) working days notice to cancel your service.

### **Discontinuance of water, sewer and/or trash service by the HPUD**

#### **Nonpayment of Bills THIS SECTION HAS BEEN REPLACED WITH POLICY 3520 TO MEET SB 998 REQUIREMENTS. 4/1/2020**

A Customer's service may be discontinued for nonpayment of a bill for service rendered if said bill has not been paid within 19 calendar days after presentation, and a written notice of termination is thereafter first sent, except when specifically prohibited by law or this policy or Ordinance.

A Customer's service at a subsequent location may be discontinued for the nonpayment of a delinquent bill rendered for service at a previous location served by the HPUD.

If a Customer is receiving service at more than one location, service at any or all locations may be discontinued if bills for service at any one or more locations are not paid within the time specified above, provided, however, residential service shall not be discontinued because of nonpayment of bills for nonresidential service.

### **Noncompliance with Court Judgment**

In addition to any other remedies available for nonpayment, when a judgment has been obtained from a court of competent jurisdiction for nonpayment of charges for either water, sewer or solid waste services and judgment is not satisfied within 30 days, with such interest as is allowed by law, the HPUD may terminate all service to the Customer against whom such judgment was obtained at any location where the Customer is served. In the event collection of the judgment is deferred under a payment plan approved by the HPUD, the Customer shall be considered to have one combined account for service, no matter how many Service Connections used. Failure to keep the combined account current by (i) not making the specified payments under the plan and (ii) not paying all

charges for current service, shall permit the HPUD to terminate all service at any location where the Customer is served.

### **Noncompliance with the HPUD Policy**

If a Customer fails to comply with any of the HPUD Policy or rules, the HPUD will advise the Customer of such failure in the manner outlined in this Policy. After giving such notice, the HPUD may discontinue service to the Customer if the Customer fails to comply within the time specified in the notice.

#### **XIV. TERMINATION OF SERVICE PROCEDURE**

If a Customer fails to comply with any of the HPUD policy rules, the HPUD will advise the Customer of such failure. After giving such notice, the HPUD may discontinue service to the Customer if the Customer fails to comply with the time specified in the notice.

A written notice of impending termination will be provided at least 10 days prior to the proposed termination date. The notice will be mailed, postage prepaid, to the customer to whom the service is billed, not earlier than 19 days from the date of the mailing the HPUD's bill for services.

Not less than 48 hours prior to termination of service, HPUD shall give, by mail, in person, or by posting in a conspicuous location at the premises, a notice of termination of service.

#### **XV. RECONNECTION SERVICE CHARGE**

Where service has been discontinued for failure to comply with this policy or with provisions of the applicable rate Ordinance, the HPUD may charge and collect, in addition to other amounts due, a charge per meter, in an amount as determined from time to time by the General Manager for restoration of service.

In the event the Customer restores the service or allows or causes it to be restored after it has been discontinued, for either reason, the HPUD may again discontinue the service, and may charge and collect double the Service Restoration Charge per meter. In addition, for any further unauthorized restoration of service, the HPUD may collect appropriate charges to cover investigation expenses, expenses incurred in discontinuing and restoring the service and any other amounts due the HPUD before service was discontinued.

If the Customer restores the service or allows or causes it to be restored after it has been discontinued, the HPUD may remove the meter and/or the service and not reinstall it until such condition is corrected. The HPUD may collect appropriate charges to cover expenses incurred in investigating and discontinuation and restoration of the service.

## XVI. RATES

The rates to be charged by the HPUD for water, sewer and solid waste services are those approved by adoption of an Ordinance by HPUD. Copies of these rates are available for public inspection at the HPUD office and at the HPUD's web site. [www.heber.ca.gov](http://www.heber.ca.gov).

In accordance with this policy titled "NOTICES" the HPUD will provide to all Customers written notification of proposed water, sewer and trash rate changes and new water, sewer and trash Customers with descriptions of existing rates.

In the event a new water, sewer or trash rate Ordinance is proposed, all Customers shall be notified of the date and locations of the public hearing where the proposed Ordinance will be considered at least 45 days prior to such hearing. Written protests to a proposed water, sewer or trash rate Ordinance shall be evaluated in compliance with the provisions of Articles XIII C and XIII D of the California Constitution, and the Proposition 218 Omnibus Implementation Act. In the event a new water, sewer or trash rate Ordinance is adopted, the HPUD shall cause the new rate Ordinance to appear in some daily newspaper which is published in the Imperial County. These actions constitute the HPUD's entire responsibilities for notifications to any Customer of changes in the rate Ordinance.

## XVII. CAPACITY FEES

A capacity fee recovers the costs associated with providing additional water capacity and additional wastewater capacity to new users and existing users requiring additional capacity.

The HPUD Water and Wastewater Capacity fee is adopted by Ordinance. The Ordinance requires a fee to be paid by any Applicant requesting a new connection to the water distribution system and/or wastewater collection system, or to any Applicant who is requesting additional capacity as a result of any addition, improvement, modification or change in use of an existing connection. The Capacity Charge will be adjusted according to the adopted Ordinance establishing water and wastewater rates and capacity fees.

## XVIII. TEMPORARY WATER SERVICE CONNECTIONS

A temporary supply of water for purposes other than extinguishing fires may be secured from existing fire hydrants on application in accordance with the provisions of this Policy. The Applicant shall designate the period of time and purpose for which water is to be used. The HPUD may discontinue the supply and remove its equipment at the expiration of the period so designated or if the supply is used for any purpose other than designated by the Applicant. The HPUD may require that a meter be installed and charge the applicable Ordinance rate for the service provided.

HPUD will install all equipment necessary to furnish a temporary water supply and no water shall be used until such equipment is installed and arrangements have been made to pay for water to be used. A back flow prevention device may be required.

Applicant shall establish credit as provided in this Policy to secure payment of the HPUD's charges for furnishing, installation, removal, inspection, and rental of the equipment installed on a fire hydrant and charges for the water used. If credit is established by making a deposit, the amount thereof shall be sufficient to secure payment for water used and the other charges by the HPUD.

The fact that some fire hydrants may be already equipped with auxiliary valves shall not change the application of this Policy.

The Applicant shall not operate the main fire hydrant valve except in an emergency.

## XIX. SERVICE CONNECTIONS AND CUSTOMER'S FACILITIES

### **General**

Service connections will be installed by the HPUD subject to this Policy.

Secondary Water Service Connection(s) within the HPUD Service Area are Restricted According to Resolution 2015-12 Adopted on August 20, 2015.

### **Size and Location of Service Connections**

The HPUD may determine the minimum size and number of the Service Connections and their locations in relation to boundaries of the Premises to be served and the point of connection to the Customer's facilities.

All new Service connections must be designed, engineered, and constructed or rehabilitated according to the HPUD's adopted Standard Details and Specifications, and Engineering Standards.

### **Ownership and Absence of Rental Obligation**

All Service Connections, meters and valves, and housings installed by the HPUD or conveyed to the HPUD however provided for, shall be the sole property of the HPUD under the control of the HPUD and will be maintained at the HPUD's expense except as otherwise provided in this Policy. No rent or charge will be paid by the HPUD where such facilities are located on a Customer's Premises. The HPUD may relocate its facilities as required by operating conditions and may remove any and all of its facilities from the Customer's Premises upon the termination of service.

## **Responsibility for Loss or Damage**

The Customer will be held responsible for loss or damage to the HPUD's meters or other facilities resulting from the use or operation of appliances and facilities on the Customer's Premises, including but not limited to damage caused by steam, hot water, or chemicals.

## **Residential, Commercial, and Industrial Service Connections**

Each house or building under separate ownership shall be supplied through a separate Service Connection. Two or more houses or buildings under one ownership and on the same lot or parcel of land MUST HAVE A SEPERATE Service Connection installed for each building.

The HPUD may limit the number of houses or buildings or the area of land under one ownership to be supplied by one Service Connection. The HPUD may limit the number of Service Connections to any residential or other structure whether under separate or multiple ownership.

When property provided with a Service Connection is subdivided, the Service Connection shall be considered as supplying the lot or parcel of land which it directly enters. Separate service connections shall be required for the remaining parcels.

A Service Connection to Premises shall not be used to supply adjoining Premises.

## **Water Service Connection**

The HPUD's control and responsibility ends at its meter, and the HPUD will in no case be liable for loss or damage on the Premises served, or elsewhere, caused by, or in any way arising out of, the running or escape of water from open faucets, burst pipes, faulty fixtures, or appliances on the Premises.

Every service connection is equipped with a control valve on the inlet side of the meter which may be used when necessary to shut off the water supply from the entire Premises. Upon request, day or night, the HPDU will operate such control valve for emergency purposes.

## **Meters**

The HPUD shall furnish and maintain all meters.

1. The charge to the Customer for meters set by the HPUD shall be the cost to the HPUD for the meter and fittings plus applicable engineering and administrative costs.

2. When a change in size of an existing meter is requested by a Customer or a change is required because of a change in the type of service to be provided a Customer, the HPUD will make such change at the Customer's expense provided the requested size complies with requirements of the applicable codes.
3. The charge to the Customer when a meter is relocated at the Customer's request shall be the cost of making such relocation.

### **Protection of Public Water Supply**

The regulations of the State Health Department, Title 17 of the California Administrative Code, Sections 7585 through 7606, require that each water purveyor develop and implement a comprehensive Backflow Prevention Program for protecting the public water supply from contamination or pollution.

The HPUD has responsibility to protect the public Water System from contamination caused by the backflow of contaminants through the water Service Connection. If in the judgment of the HPUD an approved backflow prevention assembly is required, the HPUD or its authorized representative shall give notice to the Customer to install the approved assembly at the Service Connection to the Premises. The consumer shall immediately install the approved assembly or assemblies at his own expense. Failure, refusal, or inability on the part of the Customer to install, test, and maintain the approved assembly or assemblies shall constitute grounds for disconnecting water service to the Premises. Water service will not be restored until such conditions or defects are corrected to the satisfaction of the Department.

### **Quick-Closing Valves**

A Customer shall not install any quick-closing valve or other equipment or devices which will cause excessive pressure surges in the HPUD's Water System. A violation of this subsection will be cause for immediate termination of service. The Customer will be liable for all damages resulting from the installation or use of any such equipment.

### **Sewer Service Connection**

The HPUD's control and responsibility ends at the connection point to the sewer main line, and the HPUD will in no case be liable for loss or damage on the Premises served, or elsewhere, caused by, or in any way arising out of, the stoppage of sewer flow resulting from plugs or blockage, faulty fixtures, or appliances on the Premises.

The Customer is responsible for the cleaning, maintenance and repair to any sewer line, piping, and/or facilities that serves the Customer's Premises, and which connects to the HPUD's main line.

Customer Sewer Service lines that are located under public right of way will require permission from HPUD prior to any excavation, and a representative of HPUD must be on site during any excavation or repairs.

### **Sewer Overflow Emergency Response Plan**

The HPUD adopted the Sewer Service Management Plan in September, 2010, which may be modified from time to time. The Customer must report any and all sewer stoppage to HPUD. Spills from the collection system are investigated to determine the cause and corrective actions are taken or recommended to prevent additional spills at that location.

### **Change in Customer's Equipment or Operations**

A Customer making any major change in the water usage or operations which affects the HPUD's service shall immediately give the HPUD written notice of the extent and nature of the change. All new construction or rehabilitation must meet the adopted Standard Details & Specifications adopted by the HPUD.

### **The HPUD's Right of Ingress to and Egress from Customer's Premises**

The HPUD shall have the right of ingress to and egress from the Customer's Premises at all reasonable hours for any purpose reasonably related to the furnishing of water service and the exercise of any and all rights secured to it by law or these Rules, including inspection of the Customer's piping and equipment as to compliance with HPUD Ordinances and this Policy.

### **Access to Facilities**

A Customer shall provide and maintain reasonable access for HPUD representatives to all Service Connections, meters, backflow prevention devices, or other facilities pertinent to water service installed on the Customer's Premises.

## **XIV. METER TESTS AND ADJUSTMENT OF BILLS FOR METER AND UTILITY ERRORS**

### **Meter Tests**

Every meter will be tested at or prior to the time of installation. No water meter will be placed in service which fails to register within test flow limits required by HPUD specifications.

When a Customer questions the accuracy of a water meter, the HPUD will conduct an official test of the meter within a reasonable time after the Customer's request.

The Customer has the right to be present or represented at the duly scheduled time for the test. The test will be scheduled during regular working hours of the HPUD and conducted whether or not the Customer or representative of the Customer appears as scheduled for the test.

### **Utility Errors**

When a HPUD error in billing is discovered on a current Customer's account and the date of its occurrence can be determined, the overcharge or undercharge will be computed back to but not beyond that date, but not in any event exceeding two years prior to the date of discovery of the overcharge or undercharge.

When a utility error extends back into a prior Customer's billing period:

1. Prorated refunds will be mailed to the prior Customer's current mailing address, or credited to the current account. If the prior Customer no longer has a HPUD account, either an attempt to locate the prior Customer will be made or the refund will be mailed to the prior Customer's last known mailing address.
2. In case of undercharges, if a closing bill has been rendered, it will be canceled and a corrected closing bill will be mailed to the prior Customer's last known mailing address. However, if the HPUD has not taken any action to correct the error within two years of the date of discovery of such error, the HPUD will not attempt to collect the balance due. If the account has not been closed by the payment of a closing bill, it shall be considered current.

## **XV. DETERMINATION OF CHARGES, COSTS, DEPOSITS, AND INTEREST RATES**

The General Manager is authorized and directed to determine, from time to time, the amount of the charge for the services, materials, costs, penalties, other charges, deposits and interest rates to be established pursuant to this Policy in order to enable the HPUD to recover the costs it incurs, including indirect costs, in providing services, materials, or work.

Said charges are to be determined by the General Manager based on the actual cost, including indirect cost, to the HPUD of providing the services, material or work, and provided further that such charges may be based on an average, over a given period of time, not to exceed one year, of the cost experienced by the HPUD for similar services, materials, and work, considering the size and type of facility to be installed or changed and according to the condition of installation or change.

The charge currently effective at the time of completion of any facility, installation, or change shall apply. If actual current costs exceed any amounts deposited in advance, the difference shall be billed to and paid by the Applicant. If actual current costs do not equal or exceed the amount deposited in advance, the difference shall be refunded to the

Applicant; provided that any increase or reduction in charges shall not be applicable if the facility, installation, or change is completed within one year of the date of deposit for such charges. Where the Department has experienced any cost, including engineering or administrative costs, but the facilities and installations are not completed or begun because of cancellation or abandonment of the plans, all such costs shall be deducted from amounts deposited in advance before any refund is made to the Applicant.

Any implementation or revision of said charges shall first be approved by the Heber Public Utility District Board of Directors at a regularly scheduled meeting pursuant to the applicable requirements of State law concerning the adoption of fees and charges.

## EXHIBIT A

### Heber Public Utility District Residential Water Service Termination Policy 3520

(Effective April 1, 2020)

#### 1. **Background**

This policy is adopted to satisfy the Heber Public Utility District's (District) obligations under California Government Code Section 60370 *et seq.*, California Public Utilities Code Section 10001 *et seq.* and Health and Safety Code Section 116900 *et seq.*, which govern the termination of certain utility service. Health and Safety Code Section 116900 *et seq.*, the Water Shutoff Protection Act enacted by SB 998, requires urban water suppliers and urban and community water systems, such as the District, to adopt a written policy regarding the discontinuation of residential service due to non-payment. The District can be contacted by phone at (760) 482-2440 to discuss options for averting discontinuation of water service for non-payment under the terms of this policy.

This policy will be available and posted on the District's website ([www.heber.ca.gov](http://www.heber.ca.gov)) in English, Spanish, Chinese, Tagalog, Vietnamese, Korean, and any other language that is spoken by at least 10% of the residents in the service area.

#### 2. **Payment for Residential Water Service**

Every person receiving water service from the District is required to pay for such service within 21 calendar days of mailing of the statement or billing. Except as prohibited by statute, the District will have the right to discontinue water service for the failure to make complete and timely payment. The District will not discontinue residential service for nonpayment until the subject account has been delinquent for at least 60 calendar days.

#### 3. **Delinquency Notice Fee**

If payment for a bill is not received by close of business on the 21<sup>st</sup> calendar day after the bill date, the account is considered "Late" and a Late Fee will be assessed as established in the District's Other Charges and Fee Schedule (Exhibit C).

#### 4. **Payment Arrangements**

Any customer who is unable to pay for water service or any other fees assessed in accordance with the District's Other Charges and Fee Schedule (Exhibit C) or this policy and within the normal payment period may request a payment arrangement to avoid disruption of service. The District will grant a payment arrangement or amortization plan as specified in this policy for any customer who does not already have an active payment arrangement or amortization plan.

Payment arrangements that extend into the next billing period are considered an amortization plan, which must be in writing and confirmed by the customer. An amortization plan will amortize the unpaid balance over a period defined by the customer, not to exceed 12 months from date of the amortization agreement. The amortized payments may be combined with, and subject to the due date of, the customer's future regular bills. The customer must comply with the terms of the amortization plan and remain current as charges accrue in each subsequent billing period. The customer may not request further amortization of any subsequent unpaid charges while paying delinquent charges pursuant to an amortization plan.

A customer who enters into and abides by an amortization or payment arrangement plan shall not be considered delinquent. Failure to comply with the terms of an amortization or payment arrangement plan will result in the customer being considered delinquent. The customer will then be subject to disconnection once the account is delinquent for 60 calendar days and additional arrangements or extensions will not be available for any new delinquent balance, and the customer will not be granted future alternative payment arrangements until the delinquent balance has been paid.

No less than 7 business days before disconnection, the District will make a good faith effort to contact the customer of pending disconnection by telephone, mail or email notice. In addition, a final Shut-Off Warning Notice will be provided by means of a door hanger delivered to the premises no less than 5 business days in advance of discontinuance of service.

## **5. Notifications**

As required by law, the District will notify the customer that the account remains past due and further collection action will be forthcoming. The means of notification will be by phone, mail, or notification at the premises. The District assumes no responsibility for phone, mail or email contact information that has not been kept up to date by the customer.

## **6. Written Disconnection Notice**

The District shall not discontinue water service for non-payment until payment by the customer has been delinquent for at least 60 calendar days. The District will make a reasonable, good faith effort to contact the customer in writing at least 7 business days before discontinuation of water service for non-payment. The Written Disconnection Notice (Shut Off Notice) will be mailed to the mailing address designated on the account and delivered or mailed to the service address, if different from the mailing address. The Written Disconnection Notice (Shut Off Notice) will include:

- Customer's name and address
- Amount that is past due
- Date by which payment or payment arrangements are required to avoid discontinuation of service
- Description of the process and procedure to apply for an amortization plan
- Description of the process to dispute or appeal a bill
- District's phone number and a web link to the District's Residential Water Termination Policy

*Notice to Residential Tenants/Occupants in an Individually Metered Residence:* The District will make a reasonable, good faith effort to inform the occupants, by means of written notice, when the water service account is in arrears and subject to disconnection at least 10 calendar days before water service is shut off. The written notice will advise the tenant/occupant that they have the right to become customers of the District without being required to pay the amount due on the delinquent account, as long as they are willing to assume financial responsibility for subsequent charges for water service at that address. In order for the tenant/occupant not to be charged for the delinquent amount, the tenant/occupant must provide verification of tenancy in the form of a rental agreement or proof of rent payments and verify that the delinquent account holder was the landlord, property manager, or other agent of the property

*Notice to Tenants/Occupants in a Multi-Unit Complex Served through a Master Meter:* The District will make a reasonable, good faith effort to inform the occupants, by means of written notice hung on the door of each residence, when the water service account is in arrears and subject to disconnection at least 15 calendar days before water service is shut off. The written notice will advise the tenant/occupant that they have the right to become customers of the District without being required to pay the amount due on the delinquent account, as long as they are willing to assume financial responsibility for subsequent charges for water service at the address(es) served by the master meter. If one or more of the occupants are willing and able to assume responsibility for the subsequent charges for water service to the satisfaction of the District, or if there is a physical means, legally available to the District, of selectively terminating service to those occupants who have not met the requirements for service, the District will make service available to the occupants who have met those requirements.

If the Written Disconnection Notice is returned through the mail as undeliverable, the District will make a reasonable, good faith effort to contact the customer by phone, and to visit the residence and leave a notice of discontinuance for non-payment.

**7. Shut-Off Warning Notice**

The District will make a reasonable, good faith effort to notify the customer in advance of disconnection of water service for non-payment as set forth in this Policy. The last means of notification will be in the form of a door hanger (Shut-Off Warning Notice) delivered to the premises no less than 5 days in advance of discontinuance of service. A Shut-Off Warning Notice Fee may be applied to an account for any such notice as established in the Other Charges and Fee Schedule.

**8. Disconnection of Water Service**

The District will disconnect water service by turning off and locking the meter.

**9. Re-establishment of Service**

In order to resume or continue service that has been disconnected for non-payment, the customer must pay a Reconnection Fee, as established in the Other Charges and Fee Schedule. The District will reconnect service as soon as practicable but, at a minimum, will restore service before the end of the next regular working day following payment of any past due amount and delinquent fees attributable to the termination of service. Water service that is

turned on by any person other than District personnel or without District authorization may be subject to fines or additional charges or fees. Any damages that occur as a result of unauthorized restoration of service are the responsibility of the customer.

**10. Re-establishment of Service After Business Hours**

Service restored after 4:30 pm Monday through Friday, weekends, or holidays may be charged an outside of normal business hours Reconnection Fee, as established in the Other Charges and Fee Schedule.

**11. Notification of Disposition of Returned Payment**

Upon receipt of a returned check (or other payment method) taken as payment of water service or other charges, the account shall be returned to the District's delinquency process as though no attempt was made to pay the balance due. The District will make a reasonable, good faith effort to notify the customer by phone, mail, or e-mail of the returned item and the account's delinquency status. All amounts paid to redeem a returned check and to pay a returned check charge (as specified in the District's Other Charges and Fee schedule) must be in cash, credit card or certified funds.

**12. Returned Payment for Previously Disconnected Service**

In the event a customer tenders a non-negotiable check or a disputed credit card as payment to restore water service previously disconnected for non-payment and the District restores service, the District may promptly disconnect service without providing further notice. No notice of termination will be given in the case of a non-negotiable check or fraudulent credit card tendered for payment of water charges that were subject to discontinuance.

**13. Disputed Bills**

If a customer believes he or she was overcharged for residential water service or charged for residential water service not rendered, the customer may contest the amount due by notifying the District in writing no later than 35 calendar days from the original issue date of the disputed bill. The District will evaluate the information provided by the customer and investigate the matter. The General Manager, or designee, shall make a decision based upon all the information and shall have the authority to adjust the amount due in a fair and equitable manner, if appropriate.

If the customer disagrees, the customer may, within 10 calendar days from the General Manager's decision, appeal the decision, in writing, to the Board of Directors. The Board of Directors will review the record and make a determination at its next regular Board of Directors meeting. The decision of the Board of Directors shall be final.

**POLICY TITLE:           Organization and Basis of Authority**  
**POLICY NUMBER:       4001**

- 4001           The Board of Directors is the unit of authority within the District. The Board of Directors are governed by the Division 7 of the Public Utility District Act. Apart from his/her normal function as a part of this unit, Directors have no individual authority. As individuals, Directors may not commit the district to any policy, act or expenditure.
- 4001.1       Directors do not represent any fraction segment of the community, but are, rather, a part of the body which represents and acts for the community as a whole.
- 4001.2       The Directors are the governing body of the District. Directors are responsible for monitoring the District's progress in financing and attaining it goals and objectives, while pursuing its mission.

**POLICY TITLE:           Annual Organizational Meeting**  
**POLICY NUMBER:       4002**

- 4002           Annual Organizational Meeting. The Board of Directors shall hold an annual organizational meeting at the first regular meeting in December. At this meeting the Board will elect a President, Vice President and Treasurer from among its members to serve during the coming calendar year, and will appoint the General Manager or his/her appointed employee as Board Secretary.
- 4002.1       Members of the Board of Directors shall attend all regular and special meetings of the Board unless there is good cause for absence. A vacancy shall occur if any member ceases to discharge the duty of his/her office for a period of three (3) consecutive months except as authorized by the President. If unable to contact the Board President, the General Manager can be notified and he/she will notify the President.
- 4002.2       The Board of Directors of Heber Public Utility District are committed to providing excellence in legislative leadership that results in the provision of the highest quality of services to its constituents. In order to assist in the government of the behavior between and among members of the Board of Directors, the following rules shall be observed.
- a. The dignity, style, values and opinions of each Director shall be respected. Responsiveness and attentive listening in communication is encouraged.
  - b. The needs of the District's constituents should be the priority of the Board of Directors.
  - c. The primary responsibility of the Board of Directors is the formulation and evaluation of policy. Routine matters concerning the operational aspects of the District are to be delegated to professional staff members of the District.
  - d. Directors should commit themselves to emphasizing the positive, avoiding double talk, hidden agendas, gossip, backbiting, and other negative forms of interaction.
  - e. Directors should commit themselves to focusing on issues and not personalities. The presentation of the opinions of others should be encouraged. Cliques and voting blocks based on personalities rather than issues should be avoided.
  - f. Differing viewpoints are healthy in the decision-making process. Individuals have the right to disagree with ideas and opinions, but without being disagreeable. Once the Board of Directors takes action, Directors should commit to supporting said action and not create barriers to the implementation of said action.
  - g. Directors should practice the following procedures:

- In seeking clarification on informational items, Directors may directly approach the General Manager to obtain information needed to supplement, upgrade, or enhance their knowledge to improve legislative decision-making.
  - In handling complaints from residents and property owners of the District said complaints should be referred directly to the General Manager.
  - In handling items related to safety, concerns for safety or hazards should be reported to the General Manager. Emergency situations should be dealt with immediately by seeking appropriate assistance.
  - In presenting items for discussion at Board meetings Directors may directly approach the General Manager and or the Board President.
  - In seeking clarification for policy-related concerns, especially those involving personnel, legal action, land acquisition and development, finances, and programming, said concerns should be referred directly to the General Manager.
- h. When approached by District personnel concerning specific District policy, Directors should direct inquiries to the General Manager. The chain of command should be followed.
  - i. The work of the District is a team effort. All individuals should work together in the collaborative process, assisting each other in conducting the affairs of the District.
  - j. Directors shall thoroughly prepare themselves to discuss agenda items at meetings of the Board of Directors. Information may be requested from staff or exchanged between Directors before meetings.
  - k. Information that is exchanged before meetings shall be distributed through the General Manager, and Directors will receive all information being distributed.

4002.3.1

Directors shall, at all times, conduct themselves with courtesy to each other, to staff and to members of the audience present at Board meetings.

- a. Directors shall defer to the Chairperson for conduct of meetings of the Board, but shall be free to question and discuss items on the agenda. All comments should be brief and confined to the matter being discussed by the Board.
- b. Directors may request for inclusion into minutes brief comments pertinent to an agenda item, only at the meeting that item is discussed (including, if desired, a position on abstention or dissenting vote).
- c. Directors shall abstain from participating in consideration on any item involving a personal or financial conflict of interest. Unless such a conflict of interest exists, however, Directors should not abstain from the Board's decision making responsibilities.
- d. Requests by individual Directors for substantive information and/or research from District staff will be channeled through the General Manager.
- e. When responding to constituent requests and concerns, Directors should be courteous, responding to individuals in a positive manner and routing their questions through appropriate channels and to responsible management personnel.
- f. Directors should develop a working relationship with the General Manager wherein current issues, concerns and District projects can be discussed comfortably and openly.

- g. Directors should function as a part of the whole. Issues should be brought to the attention of the Board as a whole, rather than to individual members selectively.
- h. Directors are responsible for monitoring the District's progress in attaining its goals and objectives, while pursuing its mission.

**POLICY TITLE: Board Actions and Decisions**  
**POLICY NUMBER: 4003**

- 4003.1 Actions by the Board of Directors include but are not limited to the following:

Actions taken at a meeting where only a quorum is present, therefore, require all three (3) votes to be effective. This policy applies as well to abstentions from voting. A member abstaining in a vote is considered as absent for that vote.

- 4003.4.7 Recordings made during closed sessions of the Board are deemed not to be public records.

- 4006.4.4 Directors shall abstain from participating in consideration of any item involving a personal or financial conflict of interest. Unless such a conflict of interest exists, however, Directors should not abstain from the Board's decision-making responsibilities.
- 4006.4.5 Requests by individual Directors for substantive information and/or research from District staff will be channeled through the General Manager.
- 4006.5 Provisions for permitting any individual or group to address the Board concerning any item on the agenda of a special meeting, or to address the Board at a regular meeting on any subject that lies within the jurisdiction of the Board of Directors, shall be as followed:

**POLICY TITLE:           Development Improvement Standards**  
**POLICY NUMBER:       6010**

- 6010.1           In order to provide a uniform and consistent method of regulating and guiding the design and preparation of plans for construction of facilities; and, of insuring proper installation of all private works involving any services that fall under the jurisdiction of HPUD, the Heber Public Utility District Standard Details and Specifications, shall be adhered to.
- 6010.2           The purpose of the Heber Public Utility District Standard Details and Specifications is to provide standards to be applied to all improvements and private works to be dedicated to the public and accepted by the District for operation and maintenance. This is necessary in order to provide for coordinated development of required facilities to be used by the public.
- 6010.3           It is recognized that it is not humanly possible to anticipate all situations that may arise or to prescribe standards applicable to every situation. Therefore, any items or situations not included in the Heber Public Utility District Standard Details and Specifications shall be designed and/or constructed in accordance with accepted engineering practice, any Local, State or Federal regulation, and as required by the District Engineer, and General Manager.
- 6010.4           Proposed changes in the Heber Public Utility District Standard Details and Specifications shall be presented to the Board of Directors for their review and consideration. If the proposed change(s) is approved by the Board, staff shall incorporate said change(s) in the originals of said Standards, and shall annotate the date of said revision approval upon the documents.

**POLICY TITLE:           Environmental Review Guidelines**  
**POLICY NUMBER:       6020**

6020.           Purposes. These guidelines implement the California Environmental Quality Act of 1970 (CEQA) as amended and ensure that consideration is given to the environmental effects of projects that are subject to CEQA. An EIR, or environmental impact report, is a detailed statement prepared under CEQA describing and analyzing the significant environmental effects of a project and discussing ways either to mitigate or avoid the effects. It is an information document which, when fully prepared in accordance with CEQA and these guidelines, will inform public decision makers and the general public of the significant environmental effects of projects proposed to be carried out or approved. The information in an EIR constitutes evidence that the District shall consider along with any other information that may be presented to the District. While CEQA requires that major consideration be given to preventing EIR damage, it is recognized that public agencies have obligations to balance other public objectives including economic and social factors in determining whether and how a project should be approved. Economic information may be included in an EIR or may be presented in whatever forms the District desires. The District retains its existing authority to balance environmental objectives with economic and social objectives and to weigh the

various long term and short-term costs and benefits of a project in making the decision to approve or disapprove it.

6021. General Implementing Procedures. The regulations contained in Title 14, Division 6, Chapter 3 of the California Administrative Code are incorporated by reference as if set out in full and shall be applicable, except as modified herein, to these procedures. (14 Code of Cal. Regs. Section 5022). The District encompasses an area in the unincorporated area of the County of Imperial. The District, by reference, adopts the CEQA Guidelines adopted by the County of Imperial as they exist and may be amended by the Imperial County Board of Supervisors.

**POLICY TITLE: Annexation Procedures**  
**POLICY NUMBER: 6030**

- 6030.1 Property must be annexed to the District prior to receiving services. Furthermore, unconditional commitments to provide service to property and/or proposed developments will not be granted until said property is annexed to the District.
- 6030.2 In conformance with Policy #6040, District approval of residential, commercial, industrial or other types of development projects will not be granted by the Board of Directors until the entire site has been annexed to the District, or will be granted with the condition that the entire project site be successfully annexed to the District.
- 6030.3 Annexation Procedures.
- 6030.3.1 The annexation procedures for the District shall be those as outlined in the County of Imperial Local Formation Commission (LAFCO). The District may adopt guidelines in addition to those required by LAFCO.

**POLICY TITLE: Developer Requirements**  
**POLICY NUMBER: 6040**

- 6040.1 The District's goal is for its service facilities to have a maximum useful life, to reduce overall maintenance costs and to provide dependable service to existing and future customers. Toward that end, and to ensure orderly development and the use of high-quality materials, proper installation and acceptable project management, developers of residential, commercial, industrial or other type projects shall obtain approval from the District prior to:
- 6040.1.1 Construction of associated water, wastewater, parks/retention basins facilities which they proposed to connect to the District's system; or,
- 6040.1.2 Relocation of existing District facilities.
- 6040.1.3 "Project" shall be defined as the proposed construction of any development involving the District's water, wastewater, parks/retention basins and/or alterations to provide additional capacity in existing facilities in order to obtain service(s).
- 6040.2 The developer initiates a request for project approval by submitting, to the General Manager and the District Engineer, plans for the proposed improvements. The initial plan submittal shall be prepared by a registered civil engineer. The General Manager and the District Engineer shall review the project plans and related information to insure their conformance with the Improvement Standards, District policies, good engineering judgment and the best interests of the District.
- 6040.3 The project shall be submitted by the General Manager and the District Engineer to the Board of Directors for approval consideration when the following have been accomplished:
- 6040.3.1 The improvement plans satisfy the requirements of the Improvement Standards and the General Manager and the District Engineer;

- 6040.4 Upon written request from the project developer and/or project engineer, the Board will review the requirements specified by the General Manager, the District Engineer and Legal Counsel for the involved improvement plans, development agreement, or other related items, to determine if they are in keeping with the Improvement Standards, District policies, and/or the best interests of the District. If the subject of the request involves general engineering judgment, the Board may request an impartial opinion of another professional engineer (one who is not involved with the project or its principals).
- 6040.5 Upon approval of the project by the Board of Directors, the President of the Board shall be authorized to execute the development agreement on behalf of the District, and the General Manager and the District Engineer shall be authorized to affix his/her signature of approval on the project's improvement plans.
- 6040.6 Approval of a project by the Board of Directors is valid for one year. If significant construction of the project has not commenced by the end of one year from the date of approval, or if construction commences and then is halted for more than one year, project approval shall expire.
- 6040.7 Developer's Responsibility. The Developer is responsible for compliance with the regulations and implementation of these requirements. This includes responsibility for the preparation and content of the plans and specifications, construction of the facilities, and fulfillment of the terms of the Conveyance Agreement. The Developer is responsible for overseeing and directing the Developer's engineer and contractor. The District or its employees shall not act as, nor shall the Developer rely upon same to act as, an agent or protectorate of the Developer.
- 6040.8 Plans and Specifications. The plans and specifications must be prepared by a civil engineer registered in the state of California. These documents will be reviewed by District staff for compliance and must be approved by the District's engineer.
- 6040.8.1 Facility Design. Design of the facilities will be governed by District regulations. The District's engineer will determine broad design concepts. District system master plans will be consulted. The Developer's design engineer shall employ sound design using current standards to achieve a reliable, long-lasting facility with operational flexibility. The plans and specifications shall include all applicable District standard specifications and details.
- 6040.8.2 Environmental Requirements. The Developer is responsible for preparing environmental documents per the California Environmental Quality Act (CEQA). Approved environmental documents must be delivered to the District's engineer for review prior to the signing of the Improvement Plans.

6040.8.4 Standard Specifications and Details. The District has prepared Standard Specifications and Details governing construction of the water, wastewater and parks system. These Standards are administered in accordance with District regulations. They include Special Conditions and Technical Provisions and are augmented by Standard Details. They are available to engineers and suppliers working with the District at an appropriate fee.

6040.8.5 All system expansions must comply with District Standard Specifications and Details. Project specifications must include all applicable Standards and must be approved by the District Engineer. The Developer is responsible for the cost of preparation of any contract documents such as Bid Forms and General Conditions or any other forms or documents that may be required.

6040.8.6 Items not included in the District Standard Specifications or Details must be designed by the Developer's engineer and plans and specifications prepared for the District's engineer's approval.

6040.8.7 District Standard Specifications and Details may not be revised without a written request and prior District approval.

6040.8.8 The Developer shall provide prospective bidders, contractors, and subcontractors' copies of the Standard Specifications and Details and shall not rely on the District to provide copies.

6040.8.9 District Standard Specifications and Details will require periodic revisions to assure use of the most current and acceptable construction materials and methods and changes in construction law and regulations. 6040.9.2 Submittals. All materials and equipment not in conformance with the District-approved plans and specifications that are delivered to the work site and all work incorporating such nonconforming materials and equipment will be rejected. Pre-approval of materials and equipment through the submittal process may avoid delays in the work.

6040.9.2.1 The Developer shall provide or perform, or cause the Developer's contractor to provide or perform, the following for all submittals:

- Coordinate submittals so that related items are provided in groups. (Uncoordinated submittals will be returned without consideration.)

**POLICY TITLE: Development Agreements**  
**POLICY NUMBER: 6050**

6050.1 Prior to the Board of Directors considering a private development project for approval, a development agreement specifying the terms and conditions of said approval, prepared by the General Manager and/or Legal Counsel, shall be executed by the project's developer(s) and property owner(s) (see Policy #6040).

6050.2 The development agreement shall contain the following information:

6050.2.1 Name(s) of developer and/or project sponsor(s), and owner(s) of subject property;

6050.2.2 Assessor's parcel number of subject property;

6050.2.3 Type and purpose of project (e.g., residential, commercial, industrial, etc.); and,

6050.2.4 A graphic description of the project attached to the agreement as "Exhibit A."

6050.3 The following shall be used as standard terms and conditions of the development agreement:

6050.3.1 **STANDARDS FOR WATER AND WASTEWATER SYSTEMS:** Plans have, at no cost to District, been designed and prepared for the on-site and off-site service(s) system which include Developer's obligation to accomplish the following:

6050.3.1.1 Construct the service(s) provided in conformance with the approved plans therefore; and,

6050.3.1.2 Obtain an encroachment permit from the Imperial County Planning & Development and Imperial County Department of Public Works [and any State agency that may be required] of the County of Imperial and comply with all requirements thereof, including trench restoration and street resurfacing requirements for any portion of the project situated within existing or proposed future HPUD, County or State right of way.

6050.3.2 **ACCEPTANCE OF PLANS AND SPECIFICATIONS:** The completed plans as described above for the service(s) provided have been prepared in conformance with District Improvement Standards and the requirements of the General Manager and District Engineer, and are in a form acceptable to same.

6050.3.3 **REVISION OF PLANS:** Any changes in such accepted plans shall require written approval of Developer and the General Manager and District Engineer.

6050.3.5 **CONSTRUCTION:** Developer shall, without expense to District, construct the service(s) provided pursuant to the accepted plans or any approved modification thereof. Developer shall provide in

any contract for construction of the service(s) provided that any contractor's materials supplier's guarantees there under, including a one-year warranty on the completed improvements, shall inure to the benefit of District after the works constructed there under have been conveyed to District as provided for in 6050.3.9, below. Developer shall also provide in any contract for construction of the service(s) provided that the contractor's public liability and property damage insurance shall be extended to cover Developer and District and their agents, officers and employees as additional insured with: liability and bodily injury limits of not less than \$1,000,000 for each occurrence and \$2,000,000 aggregate; and, property damage coverage of not less than \$100,000,000 each occurrence and \$1,000,000 aggregate. General liability insurance policies having combined single limits damage combined of liability shall carry limits for bodily injury and property damage combined at \$1,000,000 each occurrence and \$1,000,000 aggregate.

- 6050.3.6 **PAYMENT OF PREVAILING WAGES:** Developer has been advised that the State of California (State) Attorney General has opined that, in certain circumstances, construction of facilities for provision of public utility service, with the understanding and agreement that said facilities will be turned over to District for ownership, operation and maintenance at the conclusion of construction, may be subject to the prevailing wage laws of the State. Developer has determined that, at this time, said opinion of the Attorney General does not affect the wages paid by Developer to laborers employed on said facilities constructed pursuant to this agreement. Developer agrees, however, that should it be determined that the prevailing wage laws of the State (Labor Code §1770, et seq.) apply to the work performed in accordance with this agreement, then Developer shall defend and hold District harmless from any liability, claims, damages, or costs in any way associated with said determination by the State and Developer shall, as further consideration of District entering into this agreement, take all necessary and appropriate action, including payment of back wages, and any associated penalties which may be required, due to enforcement of the prevailing wage laws in connection with construction of the [service(s) provided] system. Developer agrees that District has not represented or in any way advised Developer in connection with this matter except to advise Developer of his potential liability and Developer does not in any way rely upon any opinion or information of District in making his determination in connection with the payment or nonpayment of such wages for the work performed under this agreement. The obligation of Developer to, if required, pay prevailing wages for the work performed in accordance with this agreement shall be a continuing obligation and shall bind the heirs, successors and assigns of Developer and District's obligation to provide operation and maintenance on the facilities to be turned over to District, and to provide [service(s) provided] therein, shall be dependent upon Developer's continuing compliance with this provision.
- 6050.3.7 **INSPECTION OF CONSTRUCTION:** The General Manager and District Engineer or his/her agent(s) shall inspect the construction of the service(s) provided to assure that the works are installed in accordance with the accepted plans. Said inspection shall be funded by an inspection fee paid by Developer as specified in District's Improvement Standards. Construction of the service(s) provided shall not commence until said inspection fee is paid. The General Manager and District Engineer shall notify Developer as to any deviation or failure to construct pursuant to the accepted plans as soon as such deviation or failure is brought to his/her attention, and Developer shall correct such deviation or failure.
- 6050.3.8 **HOLD HARMLESS:** District is not, by inspection of the construction or installation of the service(s) provided, representing Developer or providing a substitute for inspection and control of the work by Developer. Any inspections and observations of the work by District are for the sole purpose of providing notice of stage and character of the work. Any failure of District to note variances in the work from the plans does not excuse or exempt Developer from complying with all terms of the plans. The fact that District inspects the construction of work and notifies Developer of deviations or failures to construct them pursuant to the accepted plans shall not be deemed to constitute a guarantee by District that the works have been built in accordance with the accepted plans. During construction and prior to conveyance thereof to and acceptance thereof by District, Developer shall hold District harmless against any and all claims, demands and charges by third parties arising out of alleged deviations or failures to construct pursuant to the accepted plans.

- 6050.3.9 CONVEYANCE: Within 90 days after completion of construction of the service(s) provided in accordance with the accepted plans therefore and District's Improvement Standards:

Said bond or irrevocable letter of credit shall name Developer as Principal and District as Obligee; and,
- 6050.3.9.5 District shall accept conveyance of title of the completed service(s) provided by resolution and include it as part of its system, and shall thereafter operate and maintain said system.
- 6050.4 DEVELOPER'S RESPONSIBILITIES AFTER CONVEYANCE: After District's acceptance of the service(s) provided system, Developer and Owners shall have no obligation for the operation, maintenance, repair or replacement thereof, except that to the extent Developer and/or Owners retain ownership of any parcel to which service from such works is available, they shall pay the same rates and charges levied by District from time to time as any other property owner.
- 6050.4.1 APPLICATION FOR SERVICE: The service(s) provided shall not be operated, other than for testing purposes, until the said system is conveyed to District and formally accepted by District as specified in 6050.3.9, above, and proper applications for service having been filed with District accepted.

[CITY, STATE ZIP]
- 6050.4.5 SUCCESSORS AND ASSIGNS: This Agreement shall be binding upon and inure to the benefit of the successors and assigns of all parties. Developer and Owners shall not assign any of their

rights, duties or obligations under this Agreement without the prior written consent of District, which consent shall not be unreasonably withheld.

- 6050.4.6      **DISTRICT POWERS:** Nothing herein contained shall be deemed to limit, restrict, or modify any right, duty, or obligation given, granted, or imposed upon District by the laws of the State of California now in effect, or hereafter adopted, not to limit or restrict the power or authority of District, including the enactment of any rules, regulations, policies, resolutions or ordinances, and in the event that any part of provisions herein contained in this agreement or incorporated herein, be found to be illegal or unconstitutional by a court of competent jurisdiction, such findings shall not affect the remaining parts, portions, or provisions hereof.
- 6050.4.7      **ATTORNEY FEES:** Should any party have to be required to institute legal action to either compel performance of this agreement or recover damages for nonperformance, the prevailing party(s) shall be entitled to reasonable attorney's fees, cost of suit, and all other expenses of litigation incurred in connection therewith.

- 6050.5          Any inapplicable portions of the foregoing standard terms and conditions may be deleted by, or upon approval of the General Manager or Legal Counsel, to accommodate project-specific situations. When warranted, additional conditions and requirements may be added to the standard terms and conditions by, or upon approval of, the General Manager or Legal Counsel, to accommodate project-specific situations.
